

Position Announcement
Brunswick Sewer District, Brunswick, Maine

Title: Assistant General Manager

Responsible for management of the District's treatment, pumping, and collection system operations with supervision of operations supervisors. Reports to general manager and serves as acting general manager in general manager's absence.

Essential duties include operations, regulatory compliance, safety, construction management, planning, permitting, and budget.

Requires an appropriate four-year degree and five years of progressively responsible management or supervisory experience; computer proficiency; excellent written and oral communication skills, interpersonal skills, technological skills, ability to work independently as well as in a team environment; problem solving skills, and ability to balance multiple priorities with attention to details.

The district offers a competitive salary and benefit package, with placement within the salary range dependent on qualifications and experience.

Application and position description are available at Brunswick Sewer District, 10 Pine Tree Road, Brunswick, Maine 04011. Emailed submissions to lblanchette@brunswicksewer.org are acceptable, provided the original cover letter, resume, and application are mailed to the General Manager at the noted address.

Closing date is June 24, 2010. The Brunswick Sewer District is an equal opportunity employer.
