## **CITY OF SOUTH PORTLAND**

### **WATER RESOURCE PROTECTION**

#### **OPERATOR II**

The City of South Portland, a forward thinking progressive community of 23,000 located on Casco Bay is currently seeking a full time Operator II to join our team of professionals in the Water Resource Protection Department.

The Operator II performs a combination of skilled technical, manual, and leadership oriented tasks pertinent to the efficient operation and control of the South Portland Wastewater Treatment Plant, Wastewater Pumping Stations and its support services. The position reports to the Treatment Systems Manager.

To qualify for this position applicants should have strong knowledge of equipment, facilities, processes, methods and procedures used in wastewater treatment maintenance and operation activities. Excellent communication skills and previous supervisor experience preferred. A valid Maine Driver's License and a Maine Grade III Wastewater License are also required.

Job description available upon request. Apply on or before Friday, July 31, 2009 at 4:30 P.M.

Pay range: \$17.48 - \$22.12 depending on experience.

Submit resume with cover letter to:
