Greetings,

The Maine Waste Water Control Association is proud to announce the 5th Annual Ski Day at Sugarloaf on March 14, 2012. This event is a great opportunity for members of the Association to network and exchange information face to face while having fun on the slopes.

The Maine Waste Water Control Association is an association of over six-hundred members consisting of municipal and industrial operators, consultants, students, and regulatory officials. The MWWCA represents over one hundred & sixty-five wastewater treatment plants.

The Association will be grateful if you can help sponsor the Ski Day event. Your sponsorship will help cover costs for buffet lunch and après ski beverages and hors d'oeuvres to make this an enjoyable and memorable event. A sponsor board featuring the name of the sponsoring company will be prominently displayed at all gatherings, along with a slide show of each sponsors logo or other appropriate promotional slides during lunch.
